References Category: Villages in Gautam Buddh Nagar districtA Lake Is Not a Forest (8-24-05) A Lake Is Not a Forest: Lake Okeechobee Narrows and the Creation of South Florida is a thirty-three year study of the ecology of the lake and its immediate watershed. Dr. Mark H.L. Waite's multidisciplinary approach to the very large data set over the long time period indicates how fish, plants, and other organisms respond to human activities. His invaluable contribution to the understanding of South Florida's ecology and ecosystem is of world-wide interest and importance. Written in a style that is conversational and accessible to the lay reader, Waite's book is a must read for anyone interested in an understanding of Lake Okeechobee, ecology, or Florida. The book has been co-published by the South Florida Water Management District and the Florida Department of Environmental Protection. "Lake Okeechobee is the wettest place on Earth. It is the fourth-largest fresh water body in the United States. Its surface area is double that of the mighty Mississippi River. Its shoreline covers nearly half the area of South Florida. And as the largest lake in the United States, it is an ecological bellwether for South Florida." "Dr. Waite's book is the first truly scholarly, one-volume book on Lake Okeechobee. Its thoroughness, clarity, and elegance can only enhance the book's importance." "Waite
