Presto 039;s Presentation Timer [Win/Mac]

77a5ca646e

What's New in the?

Presto's Presentation Timer is a small Windows application designed with a single goal in mind: to help you place a countdown timer on your screen in order to time various activities. The advantages of being portable Since this a portable program, it is important to mention that it doesn't leave any traces in the Windows Registry. You can copy it on any USB flash drive or other devices, and take it with you whenever you need to activate a countdown timer on the breeze, without having to go through installation steps. Minimalistic looks You are welcomed by a small panel that displays the time with the aid of big digits. In order to access the utility's functions, you are required to perform a right-click mouse operation on the main panel. Configuration settings Presto's Presentation Timer gives you the possibility to start or pause the countdown timer and choose between several preset time values or edit the list and add some new time values in minutes and seconds. What's more, you are allowed to alter the opacity, make the clock gradually become more and more opaque as the time runs out, alter the text in terms of font, font style, and size, hide or show the border of the countdown timer, as well as make the application remain on top of other utilities. A smart featured bundled in this program empowers you to hide the countdown timer until a certain time is left (from 1 up to 5, 10, 15, or 30 minutes). Plus, when the time is up, you can make the tool play sound notifications, blink, restart or stop the timer, or start counting up. Performance Tests have shown that Presto's Presentation Timer accomplishes a task very quickly and without errors. It leaves a minimal footprint on system resources, so the overall performance of the computer is not affected. Bottom line All in all, Presto's Presentation Timer proves to be a reliable time and clock management application that comes packed with several handy features for helping you work with a countdown timer. Add this to this camera review and you will probably get a better one than i am. (Pixar Animation Studios) Presto's Presentation Timer is a small Windows application designed with a single goal in mind: to help you place a countdown timer on your screen in order to time various activities. The advantages of being portable Since this a portable program, it is important to mention that it doesn't leave any traces in the Windows Registry. You can copy it on any USB flash drive or other devices, and take it with you whenever you need to activate a countdown timer on the breeze, without having to go through installation steps.
