Karall is a free and professional car driver simulation program. You can play hundreds of cars and choose different kinds of racetracks and raceways. The best game of this program is that you can play the game easily even when you have no access to the Internet. The more you race, the higher your driver level, and the more your car will be leveled up. You can also upgrade your cars to gain more speed. You can do a lot of things such as re-streaking, honing your driving style, tuning your cars, taking the best driver rank, and getting the most powerful awards in your cars. You can also try to win the Championship. The game is like driving a car in a real race. You can choose the racetrack and the raceway to use. If you can not only drive the cars well, but can also win more easily, this kind of game is a very interesting thing. There are a lot of.karll software available on the market.
