Pointless Exercise Generator is registered with the Macromedia Inc and its media partners for distribution on the Macromedia web site. For more details see: **SAILING GROUPS GET GEAR AND SKILLS UP FOR A SKILLFEST** An elite crew from all over the country braved tropical waters to participate in the Seacoast's annual Skiers Unlimited Race Week at Frenchmen's Head. The weeklong event features two races, a youth skiers and sailors competition that includes a different race each day, as well as a fleets race on day two. The youth races are highly technical and give children of all ages, genders and abilities a chance to hone their skills in a safe, fun environment. "The idea is to get this very diverse group of people (from every state) together to have some fun and some fun competition in such a challenging environment," Seacoast Program Director Blake House said. The adult skiers and sailors race also offer several classes, each with a different theme, with the race divided up by equipment used. This year, one of the classes was providing new sailors with their sailboat skills as well as teaching them how to capsize, because the stormy weather conditions made it difficult for them to learn this year in practice. "I thought it was a really fun event, especially for the children. It was great to help them see, once again, that you don't need to have skills like a pro to go out and have fun like that," Kaye Savage, a tutor for the sailboat class, said. Races are scored on points, and the top eight teams at the end of the week

Guitar flash card exercises are fun and worth your time. Pointless Exercise Generator is a guitar flash card exercise that enables you to practice jumping between the 5th and the 6th string chords. The application will help you perform exercises that help enhance your guitar skills, e.g., prevent that you lack discipline and struggle to advance. In the New version you can practice even dozens of chords at once and choose which note you want to play, e.g. the ones on the 5th and 6th string or the ones on the 7th and 8th string. After each sound the application will provide feedback with a nice animation and help you move to the next exercise. For example, if you play the chords on the 5th and 6th string you get the following graphics (you can also see the chords on the 7th and 8th string, etc.): Once the music starts, try to follow the video and play the chord. If you are stuck on which one to play, remember that the chord begins with the low E and the B note, and continues with the G and the B note.
