A STORY-BASED ADVENTURE. The Lands Between is said to be a world of fantasy and magic, where humans, monsters, and objects live together. The fictional land's inhabitants gradually transform as a result of the revolution. However, there are a number of different myths that have "not yet been written." One day, the protagonist, The Lone Wanderer, wakes up in this world, and with the appearance of a "knight clad in an armor with a white color," he becomes embroiled in an action-filled adventure. The game's player character was designed with a vision as a real heroine
