The new fantasy action RPG's story begins with the Elves of the world of Elden having long since disappeared. The Elves are a race of people who use the spirit of their ancestors, the Elden Ring Activation Code, in order to connect with them and live their lives. On the world of Elden, magic, the ordinary enemy, is slowly taking over. Otyl, who was given the responsibility of protecting the people, obtains the power of the Elden Ring and leads the people to a land they call the Lands Between. As you travel and explore the Lands Between, you will encounter numerous traps, mysteries, and people, and you will receive challenges along the way. *There is no one in this world who enjoys being alone. —Bicchi FEATURES • A Vast World Connected by Epic Battles A vast world is seamlessly connected and designed to provide an exciting experience. Explore a wide variety of environments in all four regions, from rich, dense forests to snowy regions with endless mountains and deserts. • A World with several different Battle Styles Adventure in a vast world where you can freely decide the flow and force of battle. In order to complete quests, collect unique treasures and items, and explore the world, you must enter into the battles. • Re-acquire Lost Spirits You will get new characters as you progress through the story. We will keep your characters during offline play, and when you play online again you will be able to select the characters that you want to use. • An Epic Story A multilayered story where the various thoughts of the characters intersect in the Lands Between. The story continues even after you complete a single chapter. *There is no one in this world who enjoys being alone. —Bicchi QUALITY OF LIFE • A Deep and Unique Action RPG A new standard in action RPG. A variety of quests and a multitude of content. • An ARPG that is perfectly suited to the smartphone The minimum specs are no problem, and users can enjoy the game without any difficulties. • A Multiple Story, a vast World and a Distinct Battle System A variety of quests and a multitude of content are combined together, and the story continues even after you complete a single chapter. ◆Facebook

Elden Ring 2009 will hit PC on March 30th.2009-02-28T16:05:00+00:002009-02-28T16:05:00+00:00Mark DickisonOlympic Robekshow: Scenario 7 from Unreal III, as seen from Epic Games' new project

Mark Dickison has a long history of working with Epic Games; His *Trenches* was among the company's first games to showcase the Unreal engine. Besides the generic facilities he used in his Trenches demo, *Robeks*, he has also been working on a more detailed version of his *Collective* project. This time, we're looking at a content creation aspect of the Unreal engine. The title in question is *Pandora's Echo*, a survival game that takes the classic Daria Holmes 'Bungle Trail!' mission and presents it online.

Dickison has recently posted a walkthrough video from a college project he was working on. He spends the first few minutes explaining his project to the audience, making his usual joking remarks about the way the Unreal engine works. While the project itself needs a lot of details to be added in order to be fully playable, the preview gives us a clear idea on how Epic plans to wrap this game into the world of the Unreal 3 engine. Besides explaining a few foundations of *Pandora's Echo*, Dickison also gives a deep look at the

It's the first game from Bandai Namco's Project-X series being released on iOS. With iOS as its unlikely platform, I expected the game to be pretty poor and I was more than a little surprised when Elden Ring was indeed a pretty good, even very good game. Though the game needed more polish, it does start you off with a good foundations. It's what a TPS does. Firstly you're going to be creating a character using your character creation tool, I chose the elf Dravan Starlord. Having a quirky character with a few tips to help the user through the game. Then the background is up and you are in Autumn, a beautiful scene with all green grass and trees covered with leaves. It might be beautiful, but it doesn't add too much to the experience; as the only thing I really liked was the sound from the start, when you first start with the tutorial. The tutorial then comes to an end and it is time to go on an adventure with your favourite elf. Then you're at the start of the tutorial, where all that is great about the game comes in to action. As you make your way through the tutorial, you
